

## Action Planning for Mastering your Field

After doing career exploration, you have determined that your current position is the best fit for you. The next step in your career pathway is to be a “Master of Your Field.” The following tasks and actions can help you set goals to master your current field. A mastery plan can be in conjunction with other action plans like Job Searching and Education. Consult with your career coach if you need assistance or resources to complete these tasks.

### Tasks

### Actions

Plan to address barriers to career mastery.	➔	
Set growth actions for hard and soft skill development.	➔	
Connect with leadership to discuss growth opportunities.	➔	
Create a plan to obtain recognized and valuable credentials for your field.	➔	
Create a career profile.	➔	
Network with other professionals in your field.	➔	
Challenge yourself.	➔
