

Action Planning for Furthering your Education

You have determined that to progress towards your next target occupation you will need to “Further your Education.” This means is that you seek some form of “credentials” to obtain the next occupation on your career pathway. The following tasks and actions can help you stay on track when progressing to that next step. Consult with your career coach if you need assistance or resources to complete these tasks.

Tasks

Actions

Plan to address barriers to education.

Research educational institutions/programs that fit your career pathway goals.

Apply for financial aid (FASFA) or scholarships.

Connect with school counselors and enrollment.

Create a thorough Educational Plan.

Set educational goals and seek support like tutoring/mentorship to stay accountable.

Research and apply for job shadowing/internship opportunities.
